STANDARDS AUSTRALIA

This Australian Standard was prepared by Committee FT/8, Plastics for Food Contact. It was approved on behalf of the Council of Standards Australia on 14 November 1994 and published on 5 February 1995.

The following interests are represented on Committee FT/8:

Australian Chamber of Commerce and Industry
Australian Federation of Consumer Organizations
Australian Government Analytical Laboratories
Australian Institute of Food Science and Technology
Council of Australian Food Technology Associations
CSIRO, Division of Food Science and Technology
Department of Health and Community Services, Vic.
Department of Health, N.S.W.
Health Department, W.A.
National Food Authority, Australia
Packaging Council of Australia
Pigment Ecological and Toxicological Technical Committee of Australia
(PETTCA)
Plastics and Chemicals Industry Association
Queensland Health
University of New South Wales

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 93306.

This is a free preview. Purchase the entire publication at the link below:
