

Australian/New Zealand Standard™

Safety of laser products

Part 3: Guidance for laser displays and shows

AS/NZS IEC 60825.3:2016

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee SF-019, Personal Protection Against Laser Radiation. It was approved on behalf of the Council of Standards Australia on 23 August 2016 and by the New Zealand Standards Approval Board on 17 August 2016. This Standard was published on 12 September 2016.

The following are represented on Committee SF-019:

Australian Dental Association
Australian Radiation Protection and Nuclear Safety Agency
Defence Materiel Organisation (Australian Government)
Department of Defence (Australian Government)
Electronics Industry Association
Institute of Environmental Science and Research
NSW Business Chamber
Telecom New Zealand

Additional Interests:

Telstra

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at www.saiglobal.com or Standards New Zealand web site at www.standards.govt.nz and looking up the relevant Standard in the on-line catalogue.

For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of Standards Australia or the New Zealand Standards Executive at the address shown on the back cover.

This Standard was issued in draft form for comment as DR SA/SNZ TR IEC 60825.3:2016.
