### Foreword

The text of document 34D/394/FDIS, future amendment to IEC 598-2-2:1979, prepared by SC 34D, Luminaires, of IEC TC 34, Lamps and related equipment, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as amendment AA to EN 60598-2-2:1989 on 1996-07-02.

The text of this document, together with that of IEC 598-2-2:1979 and its amendments 1:1987 and 2:1991, was published by IEC as the second edition of IEC 598-2-2 in May 1996. According to a decision of principle taken by the Technical Board of CENELEC, the approval of EN 60598-2-2:1989/AA has been converted into the approval of a new EN 60598-2-2.

The following dates were fixed:

- latest date by which the EN has to be implemented  
at national level by publication of an identical  
national standard or by endorsement (dop) 1997-04-01
- latest date by which the national standards conflicting  
with the EN have to be withdrawn (dow) 1997-04-01

For products which have complied with EN 60598-2-2:1989 and its amendment A2:1996 before 1997-04-01, as shown by the manufacturer or by a certification body, this previous standard may continue to apply for production until 2002-04-01.

This part 2 is to be used in conjunction with EN 60598-1.

Annexes designated "normative" are part of the body of the standard.  
Annexes designated "informative" are given for information only.  
In this standard, annex ZA is normative and annex A is informative.  
Annex ZA has been added by CENELEC.

### Endorsement notice
